

Diagram (A) shows a cross-sectional view of a device in state (A). A central rectangular region is filled with diagonal hatching and is labeled 102. This region is surrounded by a layer labeled 101. To the left of the central region, there is a vertical structure labeled 301. A horizontal arrow labeled P points towards the central region. The top surface of the device is labeled 200, and the bottom surface is labeled 300. The label 100 is positioned at the top left, and the label (O) is at the bottom left.
